

Your Benefit Connection

We work. You Benefit. It's easy.

We value our Burlington area businesses and the important part you play in the community.

We do business here — so do you...
*...lets connect to benefit your team
and strengthen our community circle.*

**Reward your employees with
OUR BENEFIT CONNECTION PACKAGE.**

What is YOUR BENEFIT CONNECTION (YBC)?

YBC is a package of financial service benefits that Burlington Area business employees can receive upon opening a YBC checking account. This package, the account and additional benefits, can only be offered through you, the employer, to your employees. It is not available to the general public. You will be providing your employees with added perks they could not normally get here or anywhere else. The YBC package will create loyal employees and strengthen employer/employee relationships.

FOX RIVER STATE BANK

Show your employees that you truly do care, and offer them "Your Benefit Connection".

We make it easy for you and your employees to make the switch to Fox River State Bank.

So what are you waiting for?

We work. You Benefit. It's easy.

Your Benefit Connection Q&A's

What will my employees actually get with YBC?

In addition to gaining access to an interest bearing checking account that requires no minimum balance and also offers no limit to the number of transactions they perform, your employees also receive a variety of other benefits that could be worth \$1,000's to each individual. The package includes:

- No minimum balance requirement
- Interest bearing account
- Unlimited monthly transactions
- Free debit/ATM card
- First order of checks free
- 20% discount on safe deposit box rental
- Discount of up to \$300 on the processing of a new 1st mortgage
- Earn higher rates on all regular CDs.
- Discounted consumer loan rates with automatic debit from Your Benefit Connection account
- Free internet banking with Bill Pay option
- \$200 off closing costs on home equity lines of credit
- Earn a FREE GIFT for each friend or family member referred that results in an account opening.

How do you begin offering this benefit?

Once a representative of Fox River State bank comes to talk with you, the employer, YBC can be offered to your employees and accounts can be opened on site either while they are at lunch, on break or perhaps through a special "employer benefit day" which many employers hold at least annually.

Then on payday, the payroll for those employees who are taking advantage of YBC receive their funds automatically into their accounts through direct deposit at Fox River State Bank. It does not matter whether you process your payroll internally or whether it is done by a third party.

Why would you care where your employees bank?

Every employer knows that turnover is one of the costliest items for an employer to absorb. Offering a varied benefits package, particularly benefits that do not cost the employer anything, is an easy way to add value to your employer/employee relationship and it creates employee loyalty.

We are a relationship-focused organization delivering one-on-one service while creating sustained value throughout our community. Experience the difference with Fox River State Bank.
